Other than science subjects, I studied crystal healing/Chios complementary holistic therapy and teacher training during 2002 see teaching schedules and for balance moderate thought + and - 10 and neutrality.

Goodness is being of service to help others in a lawful harmless way as the flowers grow both polarities of the path of evolution.

Those of neutrality know it is not necessary to head shave; involved individuals are none-competitive pioneers and conform to no trends set by those that want power and control over others; selfless love is neutrality whist on the Tao of evolution.

Evolution is perpetuated via the most appropriate gene mutation, given internal and external environmental factors based on chemical and quantum affinity, this is science of molecular evolution during meiosis and mitosis (this normal cellular division); However, Darwin (1820) of the battleship-Beadle thought in error that evolution is "survival of the fittest" if all people think Darwin is right - the competitive minds of extremities will cause future chaos, mayhem, and further conflict.

Above graphical representations of evolution are not factual as they are A.I. and an indicator of the rate of A.I. evolution, this is applied A.I. evolution.

### Possible levels of the Tao

Thers is your Personal Tao - use self-appraisal

The EGO is emotional, intellectual and spiritual immaturity; use self-appraisal to appraise YOUR emotional, intellectual and spiritual maturity - Buddhism teaches humbleness.

Thers is your relationship(s) Tao - use self-appraisal

Thers is your Spirit level Tao - use self-appraisal

Thers is your Soul level Tao - use self-appraisal

Thers is the Tao of divinity that may be encoded within the Human NATRAL Genome/Genetics;

To preserve the natural genetic integrity of gene pools and quantum epigenetic drift together with species diversification so to avoid stem-cell-mutation; **unrelated** Yin/Yang procreation would help maintain natural gene-pools and quality quantum epigenetic drift for future preservation.

### The perfect relationship and the patterns of science evolution

This is a bit of a hypothesis, yet to be proven, both polarities of male and female brain is different, the male (yang) and female (Yin) neurological networks are different in density and structural difference.

The difference creates differentiated quantum energy via quantum entanglement (See bitcoin encryption-keys - in book).

A magnet has quantum equilibrium, co-evolution is equilibrium that is an innate noncompetitive patten written in science evolution (i.e. relationships evolve better with patters of none- competitiveness, as with molecular and quantum evolution, whereby two souls grow and stay together via coevolving mutualism, in accordance with the patters of science evolution).

### The perfect relationship and the patterns of science evolution

'Equilibrium of yin-female/yang-male will diminish the divorce rate via Sensitive debate mutualism'

Perfection in a relationship is important as the Tao of the relationship is dependent upon the equilibrium of the polarities of Yin(female) and Yang(male) and sensitive communication.

The rationale is that intuitive balance is associated to Quantum Atmospheric Tao, that is enhanced intuition, the more natural the personalities are the intuitive enhancement that is associated to the third level of understanding of the Tao the true purpose of life (*will be explained with the divine Tao, still waiting for the evolved mathematics*).

There are two natural ways to evolve on your Tao: via debate or via coevolving mutualism, if you are a Taoist Monk evolution is via debate, though mutualism has been chosen by many: that is via co-evolving mutualism with YinYang balance so to perceive the divine Tao within a natural YinYang relationship. Perhaps some may ask why science is important in relationships and the answer is that the patters of evolution are

written in nature via universal inflation, quantum evolution and molecular evolution. As with the hypothesis: the origins of the universe (see [www.YinYangBuddhism.com](http://www.YinYangBuddhism.com)); the first quantum polarity initiated the patters of science evolution, the parallel perception with Yin-Yang coevolving mutualism is that polarity of Yin-Yang is has a similar patten, at quantum level the atmospheric Tao polarity of Yin-Yang is balanced with sensitive communication is the evolution or the Tao of the relationship of which, is correlated with Quantum Astrological Biology by John Lawrence King .

## Towards the evolution of astrology, upgrading astrology, into:-

### Astrological Quantum Biology

Towards the evolution of astrology, upgrading astrology into astrological quantum biology Astrology has patterns of social behaviour that have been shown within the astrological signs since the Myers culture who were the first astronomers, they calculated the distance of planets/constellations from planet Earth to the planetary constellations.

The patterns of social behaviour associated to each astrological sign corresponds to the astronomical constellation clearly shown within Greek astrology; also, Chinese astrology seems to be more precise because it has more emphasis on the moon cycles. However, Greek astrology is quite wrong in respects to the fact that the

planets do not move around the planet Earth in actual fact the planets revolve around the sun within our solar system in accordance with astronomy.

Planetary interactions, meiosis, mitosis and cerebral fluid Planetary interactions have an effect on meiosis and mitosis via solar interactions yet to be proven via quantum biology. Physiologically, [quantum tunnelling and entanglement are generally thought as the mechanisms of planetary interactions](#), though other quantum interactions also transpire yet to be proven see question: -

**Question for the [Quantum-Biologists and Enzymologists](#): -**

**“How does a cerebral fluid enzyme hold audio and visual memory (e.g., a Chinese character); before, during and after transmission of neurotransmitter from one neuron to another neuron. A laboratory experiment is necessary; whereby simulated cerebral- fluid is within a petri-dish, containing neurotransmitters, neurons and enzymes with a control mechanism transmitting the neurotransmitter along the polarised neuron to the enzyme, and some**

During day and night the sun and moon has quantum interactions. The sun interacts via solar flares that are hydrogen explosions from the sun, at night the moon reflects the suns light that quantum interactions; though as Earth move through (*via rotation*) the planetary constellations, planetary-quantum-interactions occur. The planetary-quantum-interactions combine with global consciousness and the sun and moon interactions affecting the physiology at quantum level; significantly for Astrology, Astronomy and Quantum:-

**Astrology** – over thousands of years astrology has shown social behavioural patterns allied with each planetary constellation.

**Astronomy** - over thousands of years (since the Myer civilization) Astronomers have been calculating and observing the planetary constellations and quantum

interactions within the perceivable cosmological solar system; referred to as cosmology, **astrophysics/astro biology** (*space tech*).

**Quantum-Biology** – Quantum-Biology is quite reascent it is the combination of the discipline of Physics, Biochemistry and physiology to understand the enzymology (also epigenetics) and physiology of humans in a comprehensive way. Now, the combination of Quantum-Biology, Astronomy and Astrology will be a specialism of the three specialisms above with an objective to prove that meiotic, mitotic cell division and all physiology is affected via planetary-quantum interactions; combine with global-consciousness and/or the sun or moon interactions affecting the physiology including cerebral-fluid at quantum level (*see: - A laboratory experiment is necessary*). The above combination would be an academic discipline one third of the study should involve laboratory research, a third theory and a third essays, dissertations, theses, depending on the level of study (Concepts thought of during 2002 by John Lawrence King).

Planetary-quantum-interactions the hypothesis is that planetary quantum interactions correspond with the constellations together with planetary interactions upon the physiology via quantum entanglement and tunnelling with some other unknown quantum phenomenon yet to be discovered (see question for the Quantum-Biologists and Enzymologists).

Meiosis occurs before conception during sperm and egg, utilising meiotic cell division; mitotic cell division occurs there with the nine months pregnancy and thereafter. Planetary quantum interactions influence both male and female via both meiosis and mitosis throughout life from preconception into old age.

Thus, the planetary quantum interactions interact throughout life and is shown in social patterns of astrology; not astronomy, even though quantum biology shall eventually prove that the patterns in astrology are average reality for most, as to the question with reference to cerebral fluid quantum enzymic reactions, result in memory retention and transmission from one neuron to the recipient neuron; Therefore, the planetary quantum interactions and consequential

quantum effects on the cerebral-fluid enzyme and resultant social patterns shall be proven and the quantum interactions, once the question specified for the quantum biologists and enzymologists has been answered. Assuming planetary quantum interactions are proven to have impact on the physiology, both enzymology and Epigenetics are affected with resultant patterns; within enzymology that would be cerebral fluid and immunological interactions and with epigenetics, the hypothesis is in a transgenerational way. Thereby, affecting both social patterns and transgenerational epigenetics, as quantum tunnelling interactions are known to interact, also with the DNA structure via quantum affiliate resulting in dynamic chemical-affiliations during epigenetic interactions (KING.J. K - 08.01.2023)

Romantic suggestions linked with astrological quantum Biology (meiosis/mitosis) with an objective of creating a dating app.

biology Romantic suggestions linked with astrological quantum-biology would be very compatible and

coevolving mutual relationships would be long-lasting as the beneficial information provided via the new astrologers of astrological quantum-biology would be very precise, opposed to anecdotal information currently available from a system that still teaches the earth is the centre of the solar system of which is not true, the sun is the centre of our solar system (KING.J. Within the air we breathe there is entanglement, tunnelling and some additional quantum phenomena interacting with the physiology.

The 2 up & 1 down quarks and 1 up & 2 down quarks would seem to be the quantum mechanics of entanglement interacting between molecular structures of electron polarity change that determine the rotation of enzymic structures in quantum biology; Though in atmospheric physics it would seem the carrier of quantum entanglement is atmospheric h2o (quarks are within the protons of water) and the triangular quark structure within the air we breathe that is the carrier of simultaneous quantum entanglement and tunnelling with some additional quantum phenomena interacting with the physiology.

Bio Functional Foods/Gels™

Patent Number: 47437037

www.functional-foods.info

John Lawrence King

Also unless nutrients are proven to be safe by science, don't eat!

Bio Functional Foods/Gels are fortified, fermented and enhanced foods to provide nutrients during drought and flood environments and also to supply the supermarkets, Asda, Tesco, Aldi, Co-op, other super market/retail outlets... and also for charitable organisations.

Fermentation techniques are more productive/faster/more efficient than traditional growing seasonal crops

Bio Functional foods/Gels are gels grown from bacteria, fungi and algae (utilising synthetic biology (*see bio-ethics in book*) and fermentation), grown under laboratory conditions on an industrial scale. The functional gels/foods would contain NAD+, Sirtuins, trans-resveratrol, protein, minerals, vitamins and other health beneficial ingredients also derived from fruit/vegetables.

The tofu-like-jelly-blocks of functional foods would be in different colours to represent different nutrients that have both nutritional and health benefits, perhaps complement or even replacement of fruit and vegetables in the future due to long shelf life(1 year); Specifically Bio-Functional-Gels/foods are to freely feed populations after/during droughts, floods and wasteland/desert environments, though reforestation is often possible.

The dynamic statistics derived from invention [number eight, the Bio-Marker-Watch](#) would indicate the appropriate colour Bio-Functional-Food/Gels.

Bio functional gels/foods are an solution to environmental problems that are likely to occur in the future also the production techniques make bio-mass calculations not so important with respect to the potentiality of photosynthesis.

The materialism generated via the supermarkets would generate necessary cash-flow to supply the distribution-charities that would not rely on donations so to freely supply bio-functional-foods/gels to other charities and feed the poor during future environmental catastrophes due to pollution/climatic changes (*please note: the next ice-age is not due for 50.000 years*); also *note no person(s) is/are obligated to supply food to populations, or to improve the environment.*

This business venture proposal, for experienced biotech industrialists(*perhaps even Temple/Monastery(s) with the right type of help*) interested in investing into the manufacture of bio-functional-gels, the researchers with recent lab-based-experience are required though.

The companies would have charity (not for profit) status and comprise of three elements:-

- A manufacturing industrial unit(s)
- A sales organisation(s)
- A charities(s) for the distribution of Bio-Functional-Gels

Please note, this is NOT a franchise, it is a philanthropical (not for profit) business opportunity whereby the companies would be economically self-reliant as the income generated from sales to supermarkets/retail outlets would have resultant independent autonomy, and help feed the poor; if any would like to help with a cash-flow-forecast towards please send to: [johnlawrenceking@biofunctionalgels.charity](mailto:johnlawrenceking@biofunctionalgels.charity), also eventually a instruction book on how to manufacture Bio Function Food/Gels™

A lot of research is required to achieve Bio-Functional-Gels, perhaps an harmless established biotechnology organisation(s) would be interested? or Perhaps large corporate organisation(s) ?; One UK company has been established by me though not trading yet! at this time I have no funds to start the company: <https://find-and-update.company-information.service.gov.uk/company/14645535/filing-history> though I shall eventually have funding to begin trading.

### Pattern(s) of Evolution

The patten of ecology within a petri dish will show that equilibrium of the bacterial polarities within the bacteria colony of the petri dish will balance to equilibrium; proving equilibrium of the polarities is a patten of the ecology within a petri dish. The pattens of equilibrium are in science evolution and also natural-relationship evolution; the science hypothesis is that evolution is not competitive at quantum or molecular level, even at relationship level as shown with the Taoist symbol (*see TaoEvolution symbol - yin/yang coevolving mutualism*).

'Equilibrium of yin/yang will diminish the divorce rate via sensitive debative mutualism' kind regards John Lawrence King

'Equilibrium of the parties/polarities will keep peace towards communal-living' kind regards John Lawrence King

'The pattens of science evolution are Equilibrium of the polarities' kind regards John Lawrence King

## [Quantum astrological evolution](#)

Towards the evolution of astrology, up-  
grading astrology  
into Astrological Quantum Biology

Romantic suggestions linked with astrological-quantum-biology would be very compatible and coevolving mutual relationships would be long-lasting as the beneficial information provided via the new astrologers of astrological-quantum-biology would be very precise within a new dating App.

This is a bit of a hypothesis, yet to be proven, both polarities of male and female brain is different, the male (yang) and female (Yin) neurological networks are different in density and structural difference. The difference creates differentiated quantum energy via quantum entanglement (*See bit-coin-encryption-keys - in book*).

A magnet has quantum equilibrium, co-evolution is equilibrium that is an innate none-competitive patten written in science-evolution (*i.e. relationships evolve better with pattens of none-competitiveness, as with molecular and quantum evolution, Whereby two souls grow and stay together via co-evolving mutualism, in accordance to the pattens of science evolution*). Also see:- *Astrological Evolution - Towards the evolution of astrology, upgrading astrology into Astrological Quantum Biology*.

"Equilibrium of the parties/polarities will keep peace towards communal-living" kind regards John Lawrence King

"The pattens of science evolution are Quantum Equilibrium of the Quantum polarities" kind regards John Lawrence King

Atmospheric thermal dynamics will evolve into Quantum Atmospheric thermal dynamics of which will evolve into Atmospheric-Quantum-Karma during the quantum renaissance of mathematics and quantum sciences with many inventions to establish belief system(s) that are not management of which will be forever lasting.

"Equilibrium of yin-female/yang-male will diminish the divorce rate via Sensitive debitive mutualism" kind regards John Lawrence King

### Entanglement hypothesis

The science hypothesis: there is pattens and similarities/parallels of up and down quarks within pattens of atmospheric water molecules whereby tunnelling and entanglement and the two up and two down quarks (*perhaps also interactions with leptons/bosons*) of neutron(s) and proton(s) have similarities with atmospheric water molecules and the resultant patten(s) of quantum entanglement, within quantum atmospheric entanglement.

So, we breathe in and out quantum entangled quarks; that suggests that quantum atmospheric entanglement is the vector of quantum entangled thoughts, though the way to prove thought = energy, internal and external to the physiology is via Quantum-enzymology and Quantum-chemistry of which is perhaps necessary together with an new branch of mathematics and laboratory experimentation to prove the resultant hypothesis derived from the question(s).

See question: - Question for the Quantum-Biologists and Enzymologists: - How does a cerebral-fluid enzyme hold audio and visual memory (*i.e., a Chinese character and associated audiometry*); before, during and after transmission of neurotransmitter from one neuron to another neuron.

A laboratory experiment is necessary; whereby simulated cerebral-fluid is within a petri-dish, containing neurotransmitters, neurons and enzymes with a control mechanism transmitting the neurotransmitter along the polarised neuron to the enzyme, and some mechanism to quantify and qualitatively compute how an enzyme holds memory, other than quantum entanglement and tunnelling; there is some other mechanistic unidentified phenomenon not yet known. If you have a reasonable hypothesis as to how, please do not hesitate to contact me at [johnlawrenceking@bio-functional-foods.com](mailto:johnlawrenceking@bio-functional-foods.com) for dialogue.

### The origins of the universe Hypothesis

Hypothesis - *big bang and/or inflation was initiated by the first quantum polarity by God (a laboratory science experiment to prove or disprove if energy is intelligent or not is required, if there is no god, there is nothing but fake monarch gods within the energy around the circumference of planet Earth, though at the origin of the universe the mass of intelligent energy is not you or I) Later the initiation of matter and antimatter to initiate the big-bang and evolutionary space-time.*

The hypothesis is that dark energy evolves into dark matter (*via rotating universe/galaxies, the spiraling galaxy are an quantum-mechanical-system, the input into the system is dark energy and the output is dark matter, towards universal-inflation of space-time*) thereby the resultant inflationary/evolutionary space-time, gravity - space-time are correlated.

The patterns of evolution are shown in evolutionary biology, evolution of parallel learning techniques and also quantum evolution; similarly, the patterns of evolution are within the origins of the universes, there was two quantum polarities (*perhaps even parallel universes*) initially in parallel before merging to create the big bang.

The patterns of the origins of the universe are similar with quantum polarity/affiliate and chemical affiliate for molecular evolution, similarly with species evolution there is polarity between male/female not only with the obvious though with brain structure and density of the neurons are different between male and female neurologically speaking.

Perhaps it is reasonable to hypothesise that the first quantum polarity was initiated via a mass of congealed energy that initiated evolution; the hypothesis is that the patterns of evolution were initiated to create an organic system for evolution; the *rationality and purpose of life is to live, to love and be loved and evolve, preferably via co-evolution or debate.*

The patterns of co-evolution are within the physiology between immunity and pathogens; the same patterns of co-evolution exist between the bacteria and fungi... in the soil that plant-life (*prokaryotes*) are dependent upon - Hypotheses by John Lawrence King.

The soul is the same, male/female the soul is the same, derived from the evolved energy from the origin of the universe is part of the hypothesis.

The *Miller-experiment* proves the first *self-replication-cells* were proteinoid(s), though does not prove the *spark-of-life*; of which, utilises quantum entanglement and tunnelling and some *additional phenomena* to affect the quantum polarity of meiosis and mitoses during cell division within the physiology. Quantum-Field theory (as mentioned Pro.D.Tong on utube) would enhance the Miller experiment if combined so to prove that quantum entanglement and quantum tunnelling are involved with the first proteinoid(s) and the spark of life.

**With real science (not pseudo-science - or management) the two laboratories are using the same science data, equipment, and methods of which, would evolve the same results if there is no faults in the derived experiment. Thus, proving that the two laboratories would evolve the same results in a non-competitive-way; therefore, non-competitive-equilibrium of the polarities is the pattens of science evolution.**

2. stain the different strains and/or species of bacteria as they grow with contrasting coloured stains
3. as the strains and/or species of bacteria evolve, notice that the coloured stains stay separate as the different bacterial colonies utilis metabolites that have been metallized via co-evolving strains and/or species of bacteria.

4 using time-laps-video monitor the contents of the petri-dish over a two-week period so to visualise dynamic evolution of microorganisms within the petri-dish.

This is a bit of a hypothesis, yet to be proven, both polarities of male and female brain is different, the male (yang) and female (Yin) neurological networks are different in density and structure. The difference creates differentiated quantum energy via quantum entanglement (*See bit-coin-encryption-keys - in book*). A magnet has quantum equilibrium, co-evolution is equilibrium that is an innate none-competitive patten written in science-evolution (*i.e. relationships evolve better with pattens of none-competitiveness, as with molecular and quantum evolution, Whereby two souls grow and stay together via co-evolution via mutualism*). Governmental industrialism

Governmental industrialism is the solution to enhance the GDP, reduce unemployment, reduce the trade-deficit (*if the currency/pound is not too strong*) and eventually pay of the national-debt; Governmental industrialism would be financed via flotation of governmental bonds, this plan is applicable for the UK and other technetronic-plate(governmental) business" John Lawrence King.

The people's Democratic republic party is a better alternative than Monarchism (*as history has been repetitive*); Idealistically a referendum for no Monarch on the throne would bring peace, as Monarchism will become less important during the Quantum-Science-Renaissance and peace" John Lawrence King

Peace sustainability and environmental sustainability are related and important during the quantum science Renaissance; Monarchism will become less important during the Quantum-Science-Renaissance; *There are many techniques the UK monarch uses for enslavement, the solution is a international petition for a referendum for no monarch on the UK throne, together with rewriting the bible the outcome would be long-term-sustainable peace.* John Lawrence King

*In the UK, equilibrium between left and right would perhaps unite the Welsh, Scottish, Irish, and English people in Peace via a voting/Referendum system; this patten of equilibrium sustainability would create/make and keep long-term-sustainable-peace elsewhere, peace could be created if antagonistic-opposites in Christianity Where/are reduced (perhaps via co-evolving mutualism); and as there has been no sustainable peace in the UK for thousands of years a referendum for no monarch on the throne in the UK so to stop the monarch(s) competitive behaviour and bring long term peace with the UK populous.*

Governmental Tourism

Governmental Tourism would be ideal in the UK with each monarch enhancing tourism with an individualist Museum to represent all Monarchs dating from 200 A.D. to 2026. Information about the museums would be within a timeline book specifically for the tourists that fly to the airports and perhaps hire a luxurious motorhome so to travel the tourist timeline(s) of the united kingdom, together with other turista tractions.

Governmental Tourism

Those that have been enslaved are vulnerable to blackmail and perhaps should not be in governments.

During peace-times governments become strong providing they're not blackmailed into corruption;

The solution to long-term-global-peace is compatible political philosophies, perhaps The peoples democratic republic parties would make and keep sustainable peace (see structure of the Analytical Pece Keeping System/Model). Providing the Devil-games of 6.6.2026 to 2066 of prevented Nostradamus prophecy of 2070 will not occur; though let there be 50-100.000 engines... for the poeple!

I'm the template the monarchs have been copying

As you and others walk the path/Tao of personal-growth Learning how to be balanced, moderate and fair (via debate and/or mutualism) in a harmless way on your forever changing scales of reasonable perception.

Observe +10 and -10 though stay balanced, moderate and harmless on your Tao/Path.

There is Quantum sciences, molecular and real environmental sciences though most, if not all pseudoscience/management is management for power and control over others. The meaning and purpose of life is to live, love, and be loved on your Tao whereby happiness occurs whist evolving providing happiness is permitted.

The solution to long-term-global-peace is compatible political philosophies, perhaps the peoples democratic republic parties would make and keep sustainable peace.

"the competitive mind is a conditioned mind, not natural and not a pioneering mind" John Lawrence King

"The meaning and purpose of life is to live, love and be loved and to evolve, preferably via co-evolving mutualism or debate" happiness occurs on the Tao if harmless, and if you create good karma in a harmless way, without selling your soul; the first step towards happiness is being content with self and loved ones.

The O represent evolution in the light of Yin/Yang Quantum Buddhism as the basis of Quantum and Molecular science is the light of truth, or the reality of science(s) mixed with science Hypothesis(s) and [A list of Sciences invention's by John Lawrence King](#) that are forever lasting once proven by scientist(s). Written by John Lawrence King (*not you*).

The monarchs are bullying governments into being obedient and blaming the devil; those borne on a 666 days take care on 06.06.2026 and also the Month of June 2066 be wary of those pursuing wealth and power during 2026 and 2066, those pursuing love and harmless happiness are trusted.

There is negative or positive evolution during the quantum science renaissance, in the event of diplomatic governmentalism (not dictative monarchism) and the bible is rewritten there will be long term sustainable peace; if the bible is not rewrote before the 2026 the devil-game will continue and there will be chaos, mayhem and conflicts... thought often the devils are blamed whom are all innocent.

The UK 17th century monarch has been competitive against the UK 6<sup>th</sup> 12<sup>th</sup> and 15<sup>th</sup> century monarch since the 17<sup>th</sup> century, the competitive behaviour of the UK 17<sup>th</sup> century monarch has not change other than the competitive behaviour is hidden. Those on the internet trying to suppress my website for money are the scammers, perhaps involved in more corruption for money then known; I advise the suppressive scammers be investigated for fraud and corruption!

During 1918 the Stewart Monarch was involved with negative engineering at the devils expense; the Stewart Monarch was playing devil with Freud, Jung and a Mathematician whilst abusing a devil during 1919 when the UK Police were established during 1919, all basted on devil games that began with the romans about 50 years A.D. previous to approximately 50 years A.D the romans used the Greek system of the 'Greek Gods' that were actually the Monarchs competing for more power and wealth during B.C

**I'm getting terrorized at night whist sleeping for being good and harmless by you know whom in the UK, perhaps it is because 666 devils always get blamed for other people's behaviour, though the real fault is in Christianity opposites (25.12..... and 06.06.....); Three 666 devil(s) have difficulty finding a spouse because of the devil-games via people like you if you are a player; Analytical self-appraisal is required of you!**

**The devil player(s) are often involved in insurance-fraud so I invite all insurance-fraud-investigators on my websites in the name of crime prevention.**

**Often people sell their soul for money or power so that the ones that sell their souls' for money or power - have no after-life or there after-life is compromised, this is enslavement.**

**Love and harmless happiness is worth more than enslavement via various enslavement techniques that the monarchs use to gain power and control other others in life and after life, do not sell your soul of which is far beyond tangible value.**

Do not build your house on corruption/sand(bible), build on legality!

If this website changes in support of military or monarchism, that will mean I'm I've been hacked/threatened whom want to promote military and monarchism that I will not support; please Keep the Monarchs off this website using harmless legal techniques

*also see: A system of analytical peace keeping*

*Is there any laws protecting the 666 devils from the abuse of Christian system, the competitive minds are love inhibitors noncompetitive minds are love enhancers*

During the devil games from 06.06.2026 to 2070 there will be chaos, mayhem and eventual conflict from the resultant corruption.....; This is the reason why history repeats every 100 and 1000-year cycle; history has been repeating for over 6000 years with similar pattens; any person can analyse the pattern if the fragments of history are known.

The Winsor(s) wrote the game of thrones books that will be neutralised with a peaceful referendum-vote for NO monarch on UK the throne.

This is an UK website please be moderate, harmless and respectful of UK law on these UK website(s) and be harmless.

Evolution is perpetuated via the most appropriate gene mutation, given internal and external environmental factors based on chemical and quantum affinity, this is science of molecular evolution during meiosis and mitosis (this normal cellular division); However, Darwin (1820) of the battleship-Beadle thought in error that evolution is "survival of the fittest" if all people think Darwin is right - the competitive minds of the extremities that cause future chaos, mayhem, and further conflict.

Please note this website is for keeping peace, evolution with compulatory, tolerant, understand and with universal love compassion and understanding together with the people's belief system(s) for current and future time(s) periods during this 1000-year cycle to 3001 the beginning of an unimaginable abstract science cycle, though evolution should always be positive with a foundation of universal love.
